## P R O F I L E

I am a software developer with more than 5 years of experience in building web and cross-platform mobile software solutions, impacting team projects and representing organizations on client prospect and project management calls.

Proven track record of delivering high-quality, scalable, customer-focused software and data-driven solutions using TypeScript, React, NodeJS, and React Native. I hold a Bachelor's degree in Computer science specialized in Mobile App Development from Poland and am passionate about using technology to improve people's lives. I am open to relocating.
